ACTS OF KINDNESS

ACTS OF KINDNESS ARE EVERYWHERE! Here are a few ideas to get you started on a kinder, happier town and life!

HOLD A DOOR OPEN

How many times do you walk through a door? Every single time can be a chance to show kindness to a stranger. This can be at school, work, or the grocery store!

SHOP LOCAL

Locally owned businesses are the backbone of our community! Show them a little love and shop local! Be kind to the owners, listen to their stories, follow them on social media! Every little bit helps!

SMILE

Spaces such as warehouse facilities or even parking lots are very useful in the midst of a disaster. They can be used for housing facilities, donation storage, and relief operations.

WRITE A LETTER

Get traditional! Write a handwritten note to a friend or family member! Getting happy mail on a regular employees day? Use fun stationery, draw pictures, have fun!

PAY IT FORWARD

In this time, buying someone lunch can be a small miracle. If you can afford it, it will absolutely make their day better. If that isn't an option, tip your server! They need it too!

VOULENTEER

Getting involved in service is one of the best ways to show kindness in our world. The Pryor ministry center, schools, libraries and local non profits are always looking for volunteers! Get out there and serve!

GET CREATIVE!

Kindness is everywhere! Get creative! Decorate your sidewalk, read to your kids, bring your friends a drink, anything and everything can be a form of kindness!

Celebrate the small acts of kindness
